ITM Platform vs MS Project™*

ITM Platform
PROJECTS ▪ PROGRAMS ▪ PORTFOLIO

Manage your portfolio and integrate projects easily

- **Plan strategically.** ITM Platform affords strategic management of projects, programs and portfolio, clearly exceeding MS Project™.

- **Immediate roll-out.** ITM Platform requires no initial training and can be deployed from a day to a week in any organization.

- **Fully compatible.** ITM Platform plugs to any other business application through its own **API**. Its portfolio capabilities are compatible with using MS Project as a legacy solution for single project planning.
